CRIMINAL HISTORY RECORD CHECK AND EMPLOYEE SELF REPORTING REQUIREMENTS

The District will conduct a criminal history record check for all potential new employees, all volunteers, speakers who will be alone with students in classrooms or activities, coaches and advisors for curricular or co-curricular events or activities. Any contracts with outsourced services, employment agencies or temporary services must require such providers to conduct and retain a criminal history record check of individuals providing service to the District. Such an inquiry shall also be made for substitutes who may be employed by the District and for volunteers assisting District staff. Prior to employment, the District will conduct a criminal history record check for the following classifications:

1. Administrative Staff
2. Certified Staff (including 4 Year Old Kindergarten Sites)
3. Support Staff (including 4 Year Old Kindergarten Sites)
4. Substitutes for Professional or Support Staff
5. Other groups such as coaches, practicum students, student teachers, advisors, school sponsored-open gym supervisors, summer school workers, ticket takers, chaperones, forensic judges, summer IT workers, summer outside workers, auditorium help, and volunteers
6. All speakers should be approved by an administrator and a teacher should be present at all times.
7. Students that tutor or work with students in classrooms at the elementary and middle schools.

Should it be necessary to employ a person in order to maintain continuity of the program prior to receipt of the report, the District Administrator may employ the person on a provisional basis until the report is received.

Criminal history record checks will be conducted on current employees, which include administrators, directors, teachers, support staff (aides, kitchen helpers, secretaries, supervisors, maintenance, mechanic, security) and bus drivers, on a rotation basis of every five (5) years. Licensed staff will have background checks completed at the same time of license renewal. All information and records obtained from such inquiries are to be considered confidential and shall not be released or disseminated to those not directly involved in evaluating the applicant's qualifications.

Implementation:

1. Criminal history record checks will be through a contracted service with a licensed investigative agency. The District Administrator or designee will review the results of the background checks. The District Administrator or designee, in accordance with state and federal law, will determine whether the information obtained through the criminal history record check process qualifies an individual for employment within the District or service as a volunteer. Student background checks will be conducted by the District Liaison Officer through the local police department.
2. Volunteers' criminal history record checks will be done every three (3) years. Volunteer applications and criminal history record checks will be retained as District records.
3. All current employees require a criminal history record check every five (5) years.

4. If a former employee returns as a substitute, a criminal history record check is required.
5. Staff should allow at least two (2) weeks for the process of a criminal history record check. If a candidate is from another state, the background check will take longer.
6. Student criminal history record checks will be done every year.
7. Administrators or Supervisors will not offer a candidate a position until the criminal history record check has been approved and verified by the District Administrator. The District reserves the right to withdraw any offer of employment or consideration for employment, or discharge an employee, upon finding falsification, misrepresentation, or omission of fact on an employment application, resume, other attachments, or in verbal statements, regardless of when it is discovered, in accordance with State and federal law.
8. Confidential or sensitive information and records obtained from a criminal history record check are considered confidential and shall not be released or disseminated unless required by applicable law. Criminal history record checks reports shall be maintained in separate, confidential files and retained in accordance with the District's retention procedures as recommended by the State.
9. The District reserves the right to update criminal history record check at any time while the authorization form is valid.
10. If a volunteer, staff member or potential employee has been denied because of their criminal history record check, they may reapply to the district one (1) year after the date of the denial. By them reapplying, this does not guarantee in any way approval of their criminal history record check.

Alternative Criminal History Record Checks for Volunteers w/o Social Security or Driver's Licenses:

This process is to be used only when a parent/guardian desires to attend a specific school event with their child, but does not possess a social security number. It consists of pre-determined steps, mutually agreed upon by the school district and the investigation company, to attempt to validate the individual's identity and connection to the community. The parent/guardian is to chaperone their own child, they are not to chaperone any other children. This is for one event during the school year. The parent/guardian will need to complete the current Background Investigation forms and the History Record Check for Volunteers w/o SSN form and submit these forms to the District investigation company. In the event the parent/guardian receives their social security number they will need to complete a new application to be submitted to the District criminal history record check company.
